EXTENDED DEADLINE ABSTRACT SUBMISSION (POSTER)

We are happy to announce that we will be extending the deadline for abstract submission (**Poster Presentations**) one final time to [May 20, 2015](#). After this date, the attempts to publish a contribution in the official **Book of abstracts** will, unfortunately, be futile, no exceptions. We encourage you to submit your abstracts for Poster Presentations and present your exciting research at the symposium to a wide public of separation science experts from all over the globe. However, please mind the **two abstract per registration limit**.

Participants of more than 40 nationalities coming from Europe, Asia, Africa, Australia, and North and South America have already registered for the event!
